To Whom It May Concern:

Regarding: Tiger Creations

I would like to take this time to express our thanks for the superior service provided to TriCan Tire by Tiger Creations in the development of our company's new website. TriCan Tire truly believes that a clean, easy to use and attractive website, can expand our customer database, achieve our goals, and allow us to outshine our competition. Our new look is sure to help us in moving towards our future goals.

During our business dealings with Tiger Creations, Sheehan May provided us with fast and cost effective results. Our requests were never turned down, and his insight and knowledge on website design was very beneficial. Each phone call, email and meeting was handled professionally and with great care and concern for our needs.

Our website now professionally defines who we are as a company, and clearly lists our locations, contact information and product line ups, all in a modern and efficient design.

Thank you to Tiger Creations for the wonderful job in the development of our new website. We look forward to continuing our business relationship with you.

Sincerely,

Garth Boes
